FOCUS ON RESEARCHING CAREER OPTIONS

You have just come back to school and if you are reading this, chances are that you are thinking about exploring your career and pathway options. It's never too early to start thinking about career ideas, researching your options, developing a career action plan, or simply having a discussion with your Career Adviser.

If you are in Year 12, it is essential that you discuss your options with the key people in your life as soon as possible. As a starting point, if you are interested in studying at **university or TAFE** in the future, please find below links to Facebook and YouTube accounts of several Victorian institutions.

It is important to know that Swinburne University, RMIT, Victoria University, and Federation University have both university and TAFE divisions and that many TAFE institutes offer university degrees!

If you are interested in pursuing a **traineeship or apprenticeship** pathway, it is important that you gain as much industry experience as possible. You can undertake work experience once you turn 15 years old. See your Career Adviser for the necessary paperwork.

Ask an industry professional about their career

The Victorian Tertiary Admissions Centre (VTAC) is currently looking for Year 12 students to participate in VTACmag's 30 Minute Mentor. Successful applicants will be paired with a mentor who will answer questions about their industry and what it's like to work in their field of interest day to day. Mentors last year included a psychologist, a photographer and a pathologist. If you are interested, send an email to VTAC with the subject line "30 minute mentor" and tell them the following:

- Name, school, phone number and email address
- What do you hope to study next year or in the future?
- What job/s are you interested in when you finish studying?
- Why do you want to participate in 30 Minute Mentor?
- What are three questions you would like to ask a mentor?
- What kind of person would you like as a 30 minute mentor? What job do they have? Do you have anyone in particular in mind?

Email this to publishing@vtac.edu.au by Friday 24 February to register your interest.
