### EY (formerly Ernst & Young) Cadetships – applications now open

Are you currently in Year 12 and planning to study a degree in one of the following areas in Melbourne, 2019?

- Law
- Business or Commerce
- Information Technology, Information Systems or Computer Science
- Other similar courses approved by the EY campus recruiting team

If so, you may be eligible to apply for a cadetship at EY. As a cadet, you will work full time at EY and study your degree part time for two years. You will then complete the third year of the degree full time at university. Applications are now open and will close on 13 April. Cadetships are also offered in Sydney. For information and to apply, go to <https://go.ey.com/2sYeqbM>

### Victoria University starts their new first-year model

5000 students recently began their studies in the new innovative first-year model at Victoria University. Already embraced by progressive educational institutions in Canada, Sweden and the United States, this internationally proven teaching model is designed to enhance the experience of first-year students on a scale not seen before in Australia. To learn about the new model, go to <http://bit.ly/2FSk8OZ>

### Have you considered a career in insurance?

As one of the biggest, most diverse industries in the world, insurance has more roles than you would imagine – including ones that are perfect for you. Love numbers? You are needed. Love people? Insurance has roles for you. Analytical? A big thinker? A problem solver? Whatever you are, insurance has a job with your name on it. To learn about where a career in insurance can take you, check out the website ‘Careers in Insurance’ at this link - <http://bit.ly/2FaCbSZ>

[BACK TO CONTENTS](#)

### The challenge of artificial intelligence (AI)

AI will transform the way we work across all industries in the future. For example, more than 5 million jobs will disappear from manufacturing and customer service by 2020. Can apprenticeships help young people make a smooth transition to new jobs created by AI? According to the latest World Economic Forum it is believed they can. There are new jobs and skills to be learned, with employers driving the change. See examples at this link - <http://bit.ly/2HKuHo5>
