Strategic Actions

Teaching and Learning

- To provide an inspirational, quality and well-rounded education for students in three key areas: curricular, co-curricular and pastoral.
- Enhance the quality of learning by catering for different learning styles and dispositions.
- Learning will be placed at the heart of our programs and the core business of the school. Students will be equipped with the requisite skills, knowledge and resilience to thrive, both during and after their time at the school.
- Student learning will have a particular school-wide focus on the development of basic literacy and numeracy skills through the use of explicit, direct instructional learning in combination with appropriate -centred learning.
- Student outcomes in all year levels will be closely monitored and analysed against external benchmarks.
- The quality of the teaching and learning relationships is a key determinant of student achievement. Innovative and dynamic teaching methods will be encouraged and supported, as will collaborative practices.
- Promote health and wellbeing strategies that focus on each student’s positive, self-understanding and with others.
- Students are provided with extensive co-curricular opportunities to cultivate particular interests and skills.
- Foster leadership practices that will assist in creating and maintaining an inclusive outlook which develops an appreciation of the world and respects diversity.

Staffing

- To attract, retain and develop high quality staff, recognising that the quality of a school cannot exceed the quality of its staff.
- To continue to deliver appropriate, adequately resourced professional development opportunities, as this plays a central role in enabling staff to grow and improve.

Business Management

- To ensure that quality processes and professional business planning practices are embedded in all areas to assist and promote financial viability, environmental management and a competitive advantage.
- Maintain a commitment to providing the best possible setting for staff and students.
- The creation and maintenance of a well communicated set of policies and procedures in order to meet all compliance and registration obligations.
- Financial budgets will be prepared, closely monitored and targets will be established. The Business Plan will underpin the school’s fiscal direction and facilities Master Plan.
Community

- Develop a strong spirit of belonging within and amongst all members of the school community; a spirit embodied in partnership between parents, students and staff that manifests itself in a caring and cooperative culture.
- Ensure that communication between the school, parents, students and the wider community remains open, reciprocal and effective.
- Promote the distinct ‘brand’ of the school in a consistent and positive fashion.
- Honour our history, traditions and embrace the concepts of continual school improvement and sustainability.

Governance

- The Board ensures a high standard of corporate governance in all aspects of the school’s operation in order to provide a vibrant and sustainable environment.
- Provide clear direction on strategic priorities to the School executive and maintain strong leadership within the community in a way that reflects the core values of the school and is consistent with the school’s mission.
- Develop and publish a Strategic Plan every five years and annually review the strategic priorities.
