

Sport & Exercise Science

Courses (Victoria)

2017

This document has been developed to assist students and parents in researching undergraduate sport and exercise science vocational and university courses in Victoria. It isn't an exhaustive list, and students are encouraged to research their options and to attend tertiary information seminars throughout the year.

Exploring courses

You can search the state-based Tertiary Admission Centre websites for information about courses. Please be aware that this information is for the **2017 selection period** and some **courses may change in 2018**. **ATARs are for the 2017 selection period and may rise or fall in the 2018 selection period**. Please only use them as a guide.

To search for Victorian courses, use the Victorian Tertiary Admission Centre (VTAC) course search function

- <http://www.vtac.edu.au/>
- Click on Course Search and enter in key terms such as sport, exercise etc.

Diploma of Sport Development

Federation University

Course search website, <http://bit.ly/2n6WBil>

Open Access Program: “Open Access programs are those whose entry is based on applicants meeting prerequisite units (and their study scores) rather than a minimum Australian Tertiary Admissions Rank (ATAR). For current Year 12 students this means that, provided you have met the prerequisites of your chosen program of study, your achieved ATAR is not a factor in the University’s decision to offer a place; therefore, your study scores will indicate your eligibility for a place when you receive your school results in December”, <http://bit.ly/1U7fAlx>

The following are undergraduate courses:

Exercise and Sport Science	Health and Physical Education
Health and Physical Education/Outdoor Education and Environmental Studies	Health Sciences (Sport and Exercise Science)
Sport Management	Sport Management/Business
