2019 Changes to Mathematics Textbooks

Dear Parents and Guardians,

There are a number of updates to this year's booklist requirements for Mathematics in Years 7 to 12. Please check the published booklist carefully and be mindful if you were considering second-hand* options for text titles.

To summarise, the changes specifically are:

- Students in Years 7 to 10 in 2019 are required to purchase the specified **2nd edition** of the *CambridgeMATHS NSW* mathematics text series (please see booklist for each year level and subject requirement**).
- Students taking up Preliminary (Year 11) Mathematics Advanced in 2019 must purchase *CambridgeMATHS Stage 6 Year 11 Mathematics Advanced*.
- Students taking up Preliminary (Year 11) Mathematics Advanced **and Extension 1** in 2019 must purchase *CambridgeMATHS Stage 6 Year 11 Mathematics Extension 1 ONLY* (This title combines both advanced and extension 1 content).

The rationale behind these changes in 2019 include:

- Cambridge Education have recently updated the mathematics text series for Years 7 to 10 and published a 2nd edition.
The new edition now includes a superior online suite of resources that link to HOTmaths and the hard-copy text. The suite includes worked examples with videos, differentiated learning activities and self-assessment tools for students as well as embedded calculator, graphing and geometry tools. Students also have access to workspaces to complete activities online and can view worked solutions to specific questions.
The new edition has also been updated to guide students through Stages 4 and 5 and provide a good foundation for entry into the new Stage 6 (Year 11&12) mathematics courses.
- In Stage 6, new syllabuses have been set by the NSW Education Standards Authority, and as such, new and updated courses for Mathematics Advanced and Extension 1 will begin in 2019 (The new Mathematics Standard course at Year 11 began in 2018).

Please consider this information carefully when purchasing text resources for Mathematics in 2019.

Should you wish to find out more and discuss this matter further, please contact me by phoning the school on 5480 5900 or via email: stevenwarren@moamagrammar.nsw.edu.au

Yours Sincerely,

Steven Warren

Head of Mathematics
Moama Anglican Grammar.

N.B.

*In 2019, the text for Preliminary Mathematics Standard is the same title as in 2018 (see booklist for full title information).

**At Year 10, there is a different textbook for students who take up either Mathematics Standard OR Mathematics Advanced.

MATHS KIT INFORMATION (YEAR 7 only)

Students in Year 7 are required to order a Maths Kit as a stationery list item. These may be ordered through Abacus Calculators.

CALCULATOR INFORMATION (YEARS 8 to 12 only)

Student in years 8 to 12 will require a CASIO FX100AUPlus Calculator. This can be ordered through Abacus Calculators.

(Those who have an existing CASIO FX82AUPlusII Calculator may continue to use it).

Abacus Calculators have offered to supply calculators and kits as follows:

- FX100AUPlus Calculator \$36.30 (incl. GST) (*required for Years 8 to 12 only*)
- Padded Case \$4.00 (incl. GST) (*optional*)
- Maths Kit \$2.00 (incl. GST) (*required for Year 7 only*)

Calculator orders may be made online from 22 October 2018 until 10 January 2019.

Please note: Once the portal expires, you will need to order directly from the Abacus website and pay a delivery fee of \$14.95 (incl. GST). Orders will then be sent to your nominated address via Toll Priority Couriers.

HOW TO ORDER:

Step 1: Go to the Abacus website: www.abacuscalculators.com.au

Step 2: Enter the School ID code on the right side of the homepage: **MOAMA**
(You must do this step first to avoid the delivery fee. Please do not search for the product before entering the School ID).

Step 3: Select the product needed. (Please note: No refunds given on incorrect purchase.)

Step 4: Calculators ordered by 10 January 2019 will be delivered to the School for distribution.

If you have any queries, please call 1800 998 424

Please see Abacus Calculators conditions below:

All calculators are covered by a 2-year repair / replacement warranty (broken screens not included)

Warranty: Please keep a receipt copy as proof of purchase. The students name will also be registered at Abacus.

Company Policy: No refunds given on incorrect purchase.
