## YEAR 11 & 12 STUDENTS

### BUSINESS EXPLORER PROGRAM

Monash University is running a free business explorer program for students who are keen to explore course and career options in business. The next event will run in September at the Clayton campus. You will choose to participate in 3 hands-on sessions from the following course areas:

- Accounting
- Banking and finance
- Analytics, stats, and actuarial studies
- Economics
- Management
- Marketing
- Entrepreneurship

You can register your interest in attending the September event via [www.monash.edu/business/business-explorer](http://www.monash.edu/business/business-explorer)

### MELBOURNE UNIVERSITY

Year 11 and 12 students are invited to experience a taste of university life by joining us at our Parkville campus for A Day at Melbourne on 28 June. Throughout the day you'll have the chance to take part in two areas of study workshops of your choosing, sit in on a panel of current students to hear about their experiences, speak to staff one-on-one about your study interests, discover our broad range of student clubs and societies, and participate in student accommodation tours.

## YEAR 11 STUDENTS

### 2024 NATIONAL YOUTH SCIENCE FORUM (NYSF) – FINAL REMINDER

The NYSF is a two-week on-site and digital program where students are immersed in hands-on science activities, lab experiments, field trips and meet researchers who are leaders in their field. The program will be held during January 2024. Applications close Friday 1 July. For more information and to apply, go to [www.nysf.edu.au](http://www.nysf.edu.au)

### AUSTRALIAN DEFENCE FORCE ACADEMY (ADFA)

Students who would like to combine university study with a military lifestyle and career should consider applying for the Australian Defence Force Academy (ADFA), Canberra. Students will receive a fully subsidised university degree from UNSW, a wage, and military training in the role you apply for.

Undergraduate degrees include:

- Arts
- Business
- Engineering – Aeronautical, Civil, Electrical, and Mechanical
- Aviation
- Computing and Cyber Security
- Science

Year 11 students planning to apply for ADFA for the 2025 intake are encouraged to book the YOU session as soon as possible. Applicants who don't 'unlock' their dream roles will have to wait for 12-months before they can reapply. Read through the 'how to apply' section on the ADFA website and record key dates and tasks. It's highly recommended to contact your local Defence Force Recruiting office to discuss the application process.

Civilians can also study at ADFA, Canberra. For information and to start your application, visit [www.unsw.adfa.edu.au](http://www.unsw.adfa.edu.au)

## YEAR 10 & 11 STUDENTS

### DEFYING THE DRIFT PROGRAM

This is an amazing two stage program for young people keen to learn about careers in agriculture. You will participate in a 3-day residential program at Longerenong College in September and then present to a Rotary Club about your experience in the program. A fee of \$350 per participant is payable, reduced to \$250 if paid by July 31st. Sponsor Rotary Clubs assist by contributing part or all of the fee. For information and to apply, visit [www.defyingthedrift.org](http://www.defyingthedrift.org)

## YEAR 9 & 10 STUDENTS

### THE SANTOS SCIENCE EXPERIENCE

The Santos Science Experience is a fun program of science activities. Each program is designed to provide students who have an interest in science with an opportunity to engage in a wide range of fascinating science activities under the guidance of scientists who love their work. The next Victorian program will be held at Swinburne University on 10 – 11 August. There are 9 places left. Book your place via [www.scienceexperience.com.au](http://www.scienceexperience.com.au)

## ALL STUDENTS

UoW Crusaders International Academy Rugby Camp.

The programs will be held in Sydney and registrations close 30 June. Training will be provided by fully qualified coaches from the English Premier League (EPL) club Tottenham Hotspur and the UoW Crusaders International Academy rugby coaches. For information and to apply, visit [www.uow.edu.au/global-sport-programs](http://www.uow.edu.au/global-sport-programs)

## APPRENTICESHIPS/TRAINEESHIPS

Apprenticeships and traineeships are excellent post school options. They are the perfect option for students who enjoy hands-on learning, would like to gain amazing skills, and would like to have a qualification that is recognised anywhere in Australia.

Gap year traineeships are excellent for graduates who would like to gain industry skills and a qualification before starting university study and also for grads who aren't sure what pathway they would like to take in the future.

It's a great idea to get as much work experience as possible to increase your competitiveness for employment, work out the best industry for you, and to create networks and contacts. See your work experience coordinator for information.

Australian Apprenticeship Pathways have developed an excellent four-step guide to assist you to start planning - [www.aapathways.com.au](http://www.aapathways.com.au)

Read through Step One and take the work type explorer quiz, download the AusAppPathways app to your phone, and complete practice aptitude quizzes to ascertain the level of literacy and numeracy skills you will need for different occupations.

Bookmark websites for industries you are interested in to keep up to date with changes to industry technology, skills shortages, and events. For example:

## CAREERS IN ECONOMICS

Economics is the study of how people, companies, and communities make decisions about using their limited resources to fulfill their unlimited desires. It explores topics like production, consumption, and distribution, looking at how markets work and how we can make our economic systems more efficient. It helps us understand how money and resources affect our daily lives.

### Why study economics?

Careers with STEM hit up a team from the country's biggest employer of economists – The Reserve Bank of Australia – and asked them how they landed their roles, what they studied at high school and why their current gigs are so awesome – <https://bit.ly/2AlhDqj>

### What careers are there in economics?

Some careers in economics include economists, financial analysts, market researchers, policy analysts, investment bankers, data analysts, management consultants, and economic researchers for government agencies, think tanks, and private companies. Careers with STEM and The Reserve Bank of Australia have developed a free careers e-magazine just for you! <https://careerswithstem.com.au/read-it-here>

## STUDY SECURITY STUDIES AT UNIVERSITY

Are you interested in humanities, politics, foreign affairs, and law? Have you considered studying security studies? The following are examples of courses you can study:

### Australia National University, Canberra

#### Bachelor of International Security Studies.

You can combine this degree with a second degree in a study area such as: Asian Studies, European Studies, International Relations, Political Science, Laws (Honours), and Criminology. You can complete a Diploma of Languages concurrently with the degree, <http://bit.ly/2mVTXgg>

### RMIT University

#### Bachelor of International Studies (Global Security)

Students will complete an internship with an international-security related organization in Australia or overseas, <https://tinyurl.com/3adx9f2>

### Monash University, Clayton

#### Master of International Relations (specialising in Political Violence and Counter Terrorism).

You will need to complete a bachelor's degree first. Ideal courses are Criminal Justice, Law, International Relations, International Studies etc., <https://tinyurl.com/mwewvr3v>

## HEALTH INFORMATION MANAGEMENT

Are you interested in the intersection of health, IT, and business? Consider a career in health information management! You don't have to be a healthcare provider to make a positive impact on people's health.

As a health information specialist, you'll oversee health data, protect patient privacy, and gain expertise in informatics, coding, and analytics. La Trobe University in Melbourne offers undergraduate and graduate programs in health information management, opening doors to various career opportunities, <https://tinyurl.com/3ervn6kb>

## FOCUS ON AGRICULTURE

### Get hands on with your future

Agriculture isn't just farming- It is focussed on "the entire food chain, managing the environment and minimising the impact of human endeavours on natural resources".

About 50% of all jobs in the agriculture industry are in capital cities. These jobs include environmental management, research, development, agribusiness, and education. Most people in agriculture work full time. There is also an ongoing demand for agricultural science graduates with economics and management training.

### Experts are needed in the areas of:

- Sustainable farming practices
- Land management
- Land conservation
- Climate change practices
- Food security
- Agricultural research and policymaking.

### Students can specialise in areas such as:

- Economics
- Marketing
- Animal and plant biotechnology
- Catchment management
- Climate change impacts
- Crop management and production
- Plant and soil science
- Nutrition and feed production
- Sustainable production and consumption
- Water management

Technology is advancing rapidly in agriculture and students are advised to study maths, sciences, and business at school. Students who don't want to work 'on the land' have many opportunities to work in cities and in offices.

### Courses

The following are examples of agriculture schools:

## CYBER SECURITY PROGRAM

### Cyber Academy at Deloitte

Get paid \$40,000 per year during your degree and graduate as a cyber security specialist!

The Cyber Academy is an exciting, inclusive, one-of-a-kind program co-designed by industry, education, and government to fast-track students into a career in the cyber industry and boost Australia's sovereign cyber capabilities. We've partnered with exceptional education providers to deliver a personalised, fully immersive, and supportive educational experience.

In NSW, students will co-enrol in the TAFE NSW and University of Wollongong's Cyber Security courses. In Victoria, students will study the Bachelor of Cyber Security at Swinburne University of Technology.

Cyber Academy students will have ongoing paid work with Deloitte (\$40,000 per year) or an industry or government sector partner and receive coaching, mentoring, soft skills, ethics, and leadership training, plus a pathway to secure a job on graduation.

We'll teach you all the technology skills (scripting, coding, cryptography, cloud, programming, security architecture) and life skills (communication, teamwork, integrity, problem-solving, planning and organisation, presenting, and networking).
