

30 January 2024

Dear members of the Moama Anglican Grammar Community,

The story of our School's foundation and rapid growth over its 19-year journey of service to the Echuca/Moama region is inspiring. It exemplifies the power of community and what can be achieved when people rally together with passion, shared purpose, a growth mindset, and an aligned vision for the future.

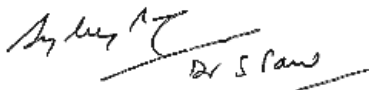

As we commence 2024, and on behalf of the Board, we are delighted to provide you with an update regarding a selection of key strategic priorities, including significant capital developments, which will position our School for the future.

Each strategic priority and capital development will amplify student choice whilst further enhancing our ability to deliver diverse quality learning experiences for our students in contemporary learning environments.

Moama Anglican Grammar is delighted to announce a significant development for our community - the acquisition of an 84-acre property, Gunbower Estate. This campus expansion will provide integrated learning opportunities for students in Kindergarten through to Year 12. We are immensely grateful to the G&A Kent Charitable Trust who has made this purchase possible through a significant donation.

Our 2024 & Beyond booklet provides further information regarding our vision to position Moama Anglican Grammar for the future. [Please access the booklet here](#), along with a [short video](#) introducing Gunbower Estate.

Moama Anglican Grammar is at an exciting stage of development, and we are committed to engaging our School community and providing you with regular updates as each development progresses. Imagine the possibilities!

Dr. Sydney Paul
Board Chair

Scott Downward
Principal
